## **41st Annual Physicians' Discipleship Retreat**

### **Designed By Physicians For Physicians**

**Join us for a one-of-a-kind way to unplug from the busyness of life, spend quality time alone with God, and connect with other Christian physicians from around the country.**

When you arrive at the Physicians' Discipleship Retreat you will be welcomed into an environment of safety and grace, where physicians can share openly with each other and be challenged to deepen their walk with the Lord. Because of the unique experience gained at this retreat, many physicians have returned to Glen Eyrie every year, some for 20+ years! Attendees leave feeling refreshed, focused on God's will for their lives, and ultimately growing spiritually as a Christian physician.

This unique discipleship retreat is great for couples, singles, and physicians in training.

## **EVENT SPEAKER**

### **Mike and Nancy Jordahl**

Mike Jordahl and his wife Nancy live in Colorado Springs where Mike currently serves as a Senior Vice President for The Navigators and is the Director of Staff Development. Mike met Christ as a high school senior living in Madrid, Spain and then was helped by Navigators at Illinois State University to grow as a Christ-follower and disciplemaker.

Mike and Nancy have served on The Navigator staff since 1981 in Iowa, Kansas, Massachusetts and now, Colorado. They have ministered among students, 20's and most recently led Navigator "rest of life" ministries, helping men and women walk with God and be used by Him wherever they work, live, play and study.

A sought-after Navigator speaker, Mike is passionate about helping ordinary men and women get to know God and grow to the point where they can then help others around them also meet and get to know God.

Mike is looking forward to being with us in 2020!
